

# Group Leader Information - Construction

## What do I need to know about bringing a group to volunteer at one of the build sites?

- **Group volunteer opportunities are available Wednesday - Saturday at the construction build sites.**
- **We ask volunteers for a full day commitment (8am - 3pm)**
- **Minimum age is 16 with parent/guardian approval and adult supervision (youth groups require one actively participating adult per every 5 younger volunteers). Note that those under the age of 18 are restricted on construction tasks.**
- **Volunteers work on nearly all phases of construction. Please be aware this is a physical activity as we are building a house from the ground up.**
- **No prior experience in construction is required. We will provide all the safety gear and tools needed for the day. A site supervisor will be working side by side with your group.**
- **The build task itself determines how many volunteers we allow. A typical task is from 4-12 people. (Please contact us if you have a larger group.)**

## How do I schedule my group?

- **We set the schedule in two month blocks. This allows us to monitor the construction build process prior to scheduling.**
- **Priority scheduling is given to our sponsors, donors and team build days then opened up to all interested groups on a first-come, first serve basis.**
- **Once your volunteer date is scheduled, you will receive a confirmation email detailing how your group can register for the event along with location, deadlines and other general information.**
